OUR TEAM

STRENGTH THROUGH PARTNERSHIP

At Alsallal Developments, we believe exceptional projects are built on exceptional partnerships. Our extensive network of industry leaders—spanning world-class engineers, trusted contractors, and strategic government relations—enables us to navigate UAE development with precision and purpose.

We leverage collective expertise and shared resources to transform vision into reality, ensuring every project meets our unwavering standards and consistently exceeds expectations. Through collaborative innovation and transparent partnerships, we solve complex challenges, optimize execution, and deliver communities that stand as testaments to what’s possible when the best minds work in harmony. Our alliances aren’t just connections—they’re the foundation of our commitment to excellence and your investment’s success.

THE BIG OPPORTUNITY

- ▾ Dubai's growth continues to outpace supply.
- ▾ Early-stage development captures the highest value uplift.
- ▾ Most investors cannot access this phase of the cycle.
- ▾ Structured, transparent developers are rare — the gap is large.

THE PROBLEM

- ▾ Land sourcing is fragmented and informal.
- ▾ Feasibility studies lack structure and consistency.
- ▾ Design decisions often misalign with financial realities.
- ▾ Investors rarely see a clear, step-by-step development plan.

OUR SOLUTION

A Proven Development Framework

STEP 1

- ▾ Plot Sourcing
- ▾ Feasibility Study

STEP 2

- ▾ Design & Launch Package
- ▾ Sales Strategy & Launch

STEP 3

- ▾ Tender, Execution & Procurement

STEP 1

PLOT SOURCING

- Identify plots through network + strategic partners.
- Evaluate using refined criteria from our test plot.
- Shortlist opportunities aligned with market demand.

FEASIBILITY STUDY

- Area analysis using real market data.
- Benchmark against price trends.
- Inputs produce IRR, ROI, NPV, cash flows.

STEP 2

DESIGN & LAUNCH PACKAGE

- Architectural + interior concepts.
- Marketing launch kit: brochure, plans, visuals.

SALES STRATEGY & LAUNCH

- Sales plan built from financial model.
- Inventory segmentation + pricing.
- 3rd-party brokerages onboarded.

STEP 3

TENDER, EXECUTION & PROCUREMENT

- Tender through strategic contractors.
- Early procurement: joinery, MEP, glazing, IT.
- Site works via appointed project manager.
