

Happy Tenant User Guide for Sending Maintenance Requests

Introduction

SBH is pleased to introduce Happy Tenant, our new property management application designed exclusively for our valued tenants. This digital platform has been launched to simplify and enhance your living experience by making property-related services more accessible, transparent, and efficient.

One of the key features of Happy Tenant is the ability to submit and track maintenance requests online. Instead of calls or paperwork, you can now conveniently report issues, attach photos, and monitor the progress of your request—all from your mobile device.

This user guide will walk you step-by-step through the process of submitting a maintenance request, ensuring that your concerns are addressed quickly and efficiently. Our goal is to make property management seamless, so you can focus on enjoying your home while we take care of the rest.
